

# Who Will Lead Your Company to Get Lean?

Introducing the Lean Leader program from Columbus State Community College, Central Ohio Technical College, and Lean Concepts.

The Lean Leader program is the most cost-effective way to introduce Lean Manufacturing to your plant. This **comprehensive 120-hour program** will turn one or more em-

ployees in your company into Lean Leaders who can put Visual Management, 5S, Kaizen, and Cellular Flow into practice on your floor.

Classes are conveniently scheduled on Friday evenings and Saturday days at the **Reese Center in Newark, Ohio**, so training won't get in the way of your day-to-day production. In just **10 weeks**, your Lean Leader will have the tools they need to streamline and optimize your production floor.

## Implementing a Lean Program at Your Company Drives Results by:

- Improving Quality
- Increasing Productivity
- Reducing Manufacturing Costs
- Reducing Lead Time
- Reducing Inventory and Floor Space

## You Will Learn:

- Visual Management
- 5S
- Problem Solving
- The 9 Forms of Waste
- Cellular Flow
- Setup Reduction
- Six Sigma Intro
- Kaizen Blitz
- Kanban
- Total Productive Maintenance

*All Participants will receive 12 CEU's (Continuing Education Units)*

**Space is limited so register by December 1 to ensure your seat!**

Yes, I am interested, but I can't make it to this session. Please keep me informed of future Lean Training!
