

Dear Jessica,

Happy Valentines Day beautiful! I can't get a card to you soon enough so I thought of this clever idea. I hope you like it! You can even print this out if you want. When I saw that I got a card from you for Valentines Day, I smiled for so long. It made me feel like the most special person in the world, especially since it came from you. Through all the fights we have, all the drama, I know how much I really mean to you, and I know you know how much you mean to me. Let's be honest, if we can last through all of that drama that we have gone through, we can last through anything. You are my best friend and nobody, and I mean nobody will EVER take you away from me because like you said, I have no choice. :D Spending time with you up in Providence was a blessing in itself, and I cannot wait to go back, and I cannot wait until I see you in 2 weeks. No matter how long it's been my heart always skips a beat when I hold your hand or when your lips touch mine. Even just laying down with you not even talking is perfect, even if we are naked ;-). Jessica, I am yours, and you are mine, and that couldn't make me happier.

I Love You<3

Love Always,
Michael
