PROFESSIONAL SUMMARY

Web and App Software Quality Assurance Engineer with 5+ years' experience in manual and automation testing. Proficient in identifying and documenting software defects across platforms, complemented by automation skills using Java, Selenium, Appium, and other tools.

WORK HISTORY

Sr. Software Quality Assurance Engineer
Quantum Platform, Jeddah, SA. (07-2024 to Present)

- Understanding user requirements
- Involved in planning, designing, developing, and executing test scenarios for manual test cases
- Created positive and negative assertions based on business requirements
- Conducted functional and non-functional testing (regression, integration, performance, usability).
- Actively participated in daily Scrum calls and was involved in bi-weekly Sprint releases

Sr. Software Quality Assurance Engineer
Rapidev Pvt Ltd, Islamabad (01-2023 to 06-2024)

- Managed and trained QA resources, ensuring efficient team performance.
- Provided testing guidance and oversight, ensuring alignment with project goals and objectives, and developed detailed testing plans and strategies.
- Analyzed use cases and user requirements to confirm feasibility for verification and validation.
- Wrote and executed comprehensive test cases to ensure software quality.
- Contributed to Agile ceremonies, providing testing input and progress reports.
- Prepared various documentation including Functional Requirements, SRS, SSRS, SDD, SSDD, STD, ATP, etc.

SQA Engineer
PIXAKO Technologies Pvt. Ltd., Islamabad (02-2021 to 12-2022)

- Developed and executed comprehensive test plans for web-based apps, ensuring thorough coverage and adherence to requirements.
- Conducted functional, regression, integration, and performance testing to maintain software quality.
- Applied quality engineering principles throughout Agile product lifecycle.
- Collaborated with cross-functional teams to analyze requirements, resolve issues, and prioritize testing efforts.
- Documented and tracked software defects using JIRA, ensuring timely resolution

Jr. SQA Engineer
TomiZones, Rawalpindi (09-2019 to 01-2021)

- Aided in web and mobile app testing, gaining hands-on experience in QA techniques.
- Conducted manual testing, identifying and resolving software defects collaboratively.
- Actively participated in team meetings and training, enhancing QA knowledge and practices.
