

**CRP
ALERT**

CRP Signup Underway NOW!

Signup Period: March 27- 14, 2006

If you have ever wanted to enroll some of your land into the Conservation Reserve Program...Now's the time!

A rare general signup period is underway for CRP. You can make an appointment with the Farm Services Agency at the local USDA Service Center if you would like to enroll some of your land in the program.

Land can be enrolled for from 10 - 15 years and you will receive a cash-rent payment annually plus cost share for establishing and maintaining the cover.

This program is great for pheasants and other ground-nesting birds and a host of other wildlife.
