CAPTAIN

So I went to that so-called Parent Teacher's Association meeting last night. They should just call it the Teachers Bitch Too Much meeting. Those teachers think they can just keep my kids there after school and tutor them to get higher test scores. Pardon my si vou French Commissioner, but that's just Poo Poo Ka-choo! Who's gonna get me my beer when I get home from work? Who's gonna fetch me my remote control when its too far from me?

COMMISSIONER

Of course, of course. I completely understand Captain O'Malley. Who can you call over to put another roll of toilet paper by the door when you're sitting on top of the crapper?

CAPTAIN

Exactly! These teachers think they can just turn my kids into nerds! How dare they try to make them smarter!

(Enter in MISS WENDELL and MR. HARRIS.)

HARRIS

Good day Commissioner and Captain O'Malley. With the accompaniment of Miss Wendell, we have scurried our way to find out information on the kidnapping of Little Vicky Johnson.

CAPTAIN

Blarney! Speak of the devil! If it ain't the brainwashers themselves.

WENDELL

Peace, love and serenity I greet thee with. Such a travesty to hear news of weakened sorrow. We mustn't let the sands of time dwindle away as our young Vicky is in such despair.

HARRIS

We would have arrived sooner if not the School Board cutting corners to save money, let some of our fine janitorial staff go. I had to replace the urinal cakes before we left. What an astonishing assortment of chemicals to distinguish the pungent odor of liquid male waste.

COMMISSIONER

Stop trying to kiss my ass, you teachers! Always asking for more money! Spoiled brats! You think you can save children by teaching them to be better people?! Bally hoo!

HARRIS

Please Commissioner Moore. Is this the work of the diabolical Lunch Lady Estelle? Or maybe even the sinister ways of Stranger Danger Dan?

COMMISSIONER

You silly teachers! As if you had a masters in education or something. For your information, Pimp Jones is behind this kidnapping. That evil crime lord lures kids to her crack house, blows marijuana smoke in their faces, and has hookers walking around naked.

CAPTAIN

Ya don't say Commissioner. I'm going to have to get that address from you later. Um...for surveillance purposes of course.

WENDELL

We may be of service to you Commissioner Moore. As with all my skills in the fine Arts and the valuable lessons of 20th Century Poetry...I AM THE ART WIZARD!

HARRIS

And as I with all my skills in the sciences and the brute force of mathematical computations...I AM THE SCIENCE RENEGADE!

(WENDELL and HARRIS take their shirts off to reveal home made hero t-shirts underneath.)

CAPTAIN

I thought teachers taught kids to say no to drugs?

HARRIS

We do Captain. We also know what it takes to get in the minds of children.

WENDELL

One mustn't forget that even villains were young children once before.

(Enter in PIMP JONES and LITTLE VICKY.)

JONES

Not this pimp queen, honey. P-I-M-P.

CAPTAIN, COMMISSIONER, HARRIS, WENDELL
PIMP JONES!!

JONES

What's happenin' suckas? Razzle dazzle and bip-iddy-bop-iddy-boo cause the pimpin queen is here, you crazy foo. Now, which one of you cats ordered one of my hoes?

(Everyone looks at Captain O'Malley.)

CAPTAIN

What? I..um..made it all part of my sting operation. Yeah. And..um.. this was all research. Research it was. How much for a fine lass to play the skin flutes for say an hour?

HARRIS

Hold it right there Pimp Jones. You're slouching at a 45 degree angle and with your pupils being completely dilated, you are no doubt under the influence of illegal substances.

JONES

Jigga please! Ain't nuttin wrong with gettin a little high. And as you can see, my little prodigy is followin' in my own footsteps.

VICKY

(laughing) Mr. Harris is wearing a funny t-shirt. I like kangaroos.

WENDELL

Don't be frightened Little Vicky. Enjoy the pleasures that momentarily intertwine in your mind. Free yourself, as we will conjugate a resolution with Miss Pimp to release your unwarranted custody.

VICKY

You spleek funny. (laughing) Spleek. Spleek. I'm hungry.

COMMISSIONER

You can't get away Pimp Jones! You walked into the wrong room. Captain O'Malley, do your duty!

CAPTAIN

I have a bit of an asian fetish Pimp Jones. Do you have any Asians?

WENDELL

No need to worry Commissioner, for I have studied the fine arts of urban languages. Miss Jones, if you may be so kind to converse an agreement with me.

JONES

What's cookin suga? You know if the whole teacher thang don't work out for ya, I gots an opening that you might be interested in?

WENDELL

Listen mommy. I ain't jiving ya when I'm droppin the knowledge of wassup witchu and snappin at shorty's. It ain't straight.

JONES

Word. But it's all about the cream. I ain't tryin to hear 'bout how the man be trippin when I'm makin more loot than his ass.

WENDELL

Well, check it. You give us the baby shorty and I'll hook you up. You don't have to do no time over at county, but ya gots ta keep yo shit on the diz-el when the five-oh be rollin.

JONES

For reals? I'm feelin that, I'm feelin that. Word. So, I give you the kid and we be straight?

WENDELL

Word. Once you hand me the kid, your ass better bounce.

JONES

Check it, I'm outee.

(JONES pushes VICKY forward and runs off stage.)

HARRIS

Good work Art Wizard. Another child becomes safe again due to the nature of the teachers union.

COMMISSIONER

Yes. I guess that was fine work from both of you. I suppose. So, I have a reward for you.

WENDELL

Please Commissioner. We help the community out so much already that helping to educate the future of the world is thanks enough. All we ask is that you help promote the awareness of our schooling facilities and faculty.

COMMISSIONER

No, no. I insist that you take your reward for such a commendable job. I admit that even I don't praise teachers as much, but my reward to you is allowing both of you to clean up all the doggy doo in my backyard.

CAPTAIN

Teachers make shit anyways. Might as well clean it up with all the shit that teachers do already.

[BLACKOUT]
