

How to Create my Website Plan?

Before beginning to build the website pages, first I will plan how to do my websites then create my website knowing who my target audiences are.

- Develop a detail website plan.
- Draw a mockup.

Website Plan

Mockup

The site map will include each of the sites main pages and how they are linked together. Below I have drawn a site map on paper with images. My typical site map might look like this:

Information Technology

HOME ABOUT US NOTES FEEDBACK FORM NEWS FEED
