June 4, 2003

Dear Sir or Madam:

This Letter of Recommendation is for Ms. Maribel Prieto. I have known Ms. Prieto for 2 terms, since the inauguration of our new campus. I know her as both an excellent student and an outstanding individual. Maribel demonstrates excellent academic skills as one of my students here at DeVry University. She constantly works hard, both as a team player and an individual, on the road to her bachelor degree.

Students at DeVry are required to complete various worksheets and laboratory assignments. Ms. Prieto always submits required work in a timely manner. Her assignments are always above average. This lets me know that Maribel will not fall short of performing at her very best, regardless of the task she may be assigned to complete.

Ms. Prieto truly demonstrates the zeal to succeed. She will, no doubt, be an excellent choice for the General Motors Hispanic Scholarship.

In closing, Ms. Prieto is the absolute epitome of a successful student with a promising career. Certain students inspire me. Maribel is one of those students. She is a superb choice for being selected to receive this esteemed scholarship. If I can be of further assistance in vouching for Ms. Prieto's success probability, please do not hesitate to call on me, using the information above.

Sincerely,

A handwritten signature in black ink, appearing to read "Willie J. Wilborn". The signature is fluid and cursive, with a long horizontal flourish extending to the right.

Willie J. Wilborn
