

Please allow us to take this opportunity to wish you and your family a Merry Christmas, and a Happy New Year!

Looking back to 2006, each family, NANA chapter and city has its very exciting events.

- o As the most latest, friends in DC and Atlanta have proudly entertained the visiting group of four officials from NX Health Bureau, headed by Ms. Li Chunhong (NY 7702).
- o Ms. Ma Yongli (Atlanta, previous Ningda, Foreign Language) NANA representative, presented in late September our warmly greetings to the new board of NX Oversea Chinese Association. At the meeting, Mr. Mai Hongzhong, the outgoing director, and other officials emphasized multiple times that the association is willing to assist NANA members in our travel or work in NX, and welcoming our relatives in NX to participate in its meetings and other activities. Please contact him if you or your relatives need (951-5045309).
- o In September, Dongjiang attended the 100th anniversary celebration of YC Yizhong, and visited NY (photos posted on NANA website).
- o Many of our members have sent or are sending their children to universities. Here, we wish them all the best and great success in the new educational environments.

Planning for 2007, Shuling, San Hong, Prof. Wang Yining, and many other members in DC and Ottawa are eager to organize a 3 - 4 days getting together for NANA member-families in the east coast, on the July 1st/4th long weekend. The first choice of location is 1000 Islands near Watertown US and Kingston Canada. Please send in your suggestions for the time, location and format of this meeting to Shuling or Dongjiang, and your availability to attend the meeting. Please check our website for update on this planning and other events (www.geocities.com/nana_nmc).
