

Dear all,

Summer of 2007 is officially finished. I trust that everyone has had a nice holiday time, and is now ready to go back to routines at work/school. Although the plan to hold an east coast grand getting together in June/July 2007 was not realized, NANA members are in close contact in the past months, and have worked together successfully on several projects.

As part of our second book collection champagne for Ning Yi library, the first shipment of books and over 40 types of medical journals, in 146 carton boxes (see photo attached), is on the way to reach SH around September 21. We are still working hard for the next step, the inland transportation, and hoping to get the collection to YC on time. Many NANA members in Ottawa, their friends and colleagues have contributed hours and hours in collecting, packing, sorting and local transporting the books. Their efforts are greatly appreciated.

In addition, NANA members in Boston, DC and NY have collected books/medical journals, and are working for the next step in gathering the collections for centralized shipment.

The 2nd project is the preparation for 50th anniversary of NY. Many NY graduates and alumni members have already submitted their resumes. Discussion among us is also on going to decide on what else we can do to enrich the celebration, in addition to a delivery of one congratulation banner (jin qi). Suggestions put forward so far include donating teaching materials such as slide or overhead projectors, diagram and other equipments, and setting up an NANA scholarship to support NY students with financial difficulties. Opinions from each and every one of our members on these suggestions, and all other suggestions are most welcome.

Thanks to varieties of reasons, we have connected/reconnected with many old friends from NX, including Ms. Bai Yili and Mr. Jiang Shan (Jin Weijiang) (YC Yizhong 76), Ms. Ji Ji (Ningda Chem 77), Mr. Liu Hu (Wangtai 76), and Ms. Wu Jian (Fuyuan).

To conclude, we sincerely wish all NANA members, their families and friends a wonderful new school year, and A Happy Mid-Autumn Festival.

Taken Aug 17 before shipping from Ottawa via Montreal of over 40 types of medical journals, in 146 carton boxes. NANA members in Ottawa, their friends and colleagues have contributed many hours between July 25 to Aug 11 in collecting (Ms. Ma Xiaoli-Bei-yi 77; Song Donghong), packing (Sheng Yinglun, Cui Luning, Gu Xi), sorting (Song Yujin-Belle, Song Fulin), and local transporting (Dai Chengbi-Guyuan, Sheng Yinglun, Shi Yaoyu, Song Donghong, Song Yulun-Carl, Gu Xi) the books, but did not have a chance to have a photo taken throughout the busy process. The shipment is scheduled to arrive in Shanghai Sept 21.

Taken on November 7, 2007 at the arrival of book/journal shipment from Ottawa. Colleagues at NY greatly appreciated our effort, as stated by Mr. Teng Jing in his email, 'I also strongly believe yours will be the most precious gift for the 50 Anniversary of the mother school... It could not be valued by money as we could not have them with the money'.
