

## thEvAram / thiruvAsagam collection for group recitation

**Note:** In many places the text has been formatted to separate the words to make it easy to recite as a group and easily understand the meaning. Thus, the formatting in this document often differs from the formal format of the original literary style text.

**Pronunciation:** If there is a pause between words, then the last pure hard consonant ‘k’, ‘c’, ‘th’, ‘p’ (க், ச், த், ப்) should be left silent. (eg. “thEnaip, pAlaik, kannalin” should be said like “thEnai, pAlai, kannalin”). They are pronounced if the words are said without a pause between them.

**Ragam:** Most thEvAram songs have predefined ragams. However, there are no predefined Ragams for thiruvAsagam songs. I have indicated some ragams in which I have heard these songs sung.

**Special Characters:** This file uses 2 characters used in Tamil that are not common in other Indian languages. Also, Tamil (and other South Indian languages) have a short and long vowels ‘e’, ‘E’, ‘o’, ‘O’, whereas Sanskrit/Hindi have only the long vowels for these.

zha	ழ	Used commonly in Tamil and Malayalam. Used in haLegannada. Not used in modern Kannada. Not used in Telugu.
Ra	ற	Strong ‘Ra’. Used commonly in Tamil. Still exists in Telugu, even though rarely used. Used in haLegannada. Not used in Modern Kannada.

**padhigams:** , , , ,
