Clue #1 Nine Patch

- Remove 5 Dark color strips 2½"
- Remove 4 Medium color strips 2½"

Make 15

- Sew together one Dark, one Medium and one Dark together in a strip. Repeat this once more.
- Sew together one Medium, one Dark and one Medium together.

You will have three sets of strips, one having the Dark color in the center and the two others will have the Dark color on either side of the Medium color. Press carefully not to stretch the fabric and always towards the darker color. Cut these strips into 2½" segments.

Tip: Place a line of your ruler on one of the seam lines of this strip segment. This will ensure that you are cutting in a straight line. Sew the three patches together as show in Fig. #1.

- You will need 15 of these 9 Patch blocks, 6½" x 6½" .
- Press these carefully and put aside for now.

Keep the remaining segments as you will need to complete the following blocks. You may also remove the stitching to these remaining unused segments.
