

# Koala

designed by Mike Ward

Level: Advanced

## Materials:

- 3 yards cord (or even better, wire for this pattern)
- 43 brown pony beads
- 10 dark gray pony beads (or just use light gray if you can't find two colors of gray)
- 6 white pony beads
- 45 light gray pony beads

## Special Note:

This is a very advanced pattern. Look at the string path carefully--it is necessary to do the string path just as drawn in order to line up the rows properly. The area around the ears is particularly difficult.
