Start networking

We continue our serial with stories from our most successful leaders,

here is a story from Ms. TSC2000, Mary Musuruca.

Now is the best time to start networking TSC2000! Unless you live under a rock,

you know that the economic tables have turned. People are finding it increasingly difficult to make ends meet and the only way out of any financial stress is to make more MONEY!

You belong to a club that gives you the opportunity to earn an income instantly and at the same time build a residual income.

86% of Australian play lotto, you are in the business of lotto and you haven't told anyone or perhaps you have mentioned it to 1 or 2 people. The fact is that recruiting has been a lot harder over the past few years in the western world than in the 1990s. Because of excessive confidence in the property market and outrageously excessive credit, anyone could buy a house, borrow money and finance consumer spending. Who needed a self-employed opportunity if jobs are plentiful?

Well that has all changed, people are doing it tough and I hear about it every day. It is important to feel compassion for the millions that will undergo economic and personal hardship due to the difficult economic times ahead YET these conditions are a PERFECT time for Network Marketing.

If you need to make extra money then take a good look at the opportunity you have and make 2008 the year to become successful in TSC2000! All you need to do is ask the questions I ask to everyone I meet - Do you play Lotto? If I can show you a business where you get to play 124 games of lotto a week, you are in Tuesday, Thursday and Saturday lotto for \$13.75 a week would you be interested?

We have so many successful members in TSC2000 who are paying their mortgages and living a lifestyle most people dream about.

Meetings are held monthly in most states and email helpdesk if you need an active upline to help you. Don't sit back and dream about things you haven't got, make it happen, become a success and make all your dreams a reality!!

Regards,
Mary Musuruca
