# Council Business

The meeting was started at 12:00 pm on Sunday, May 2nd by Brad Rogers. Last months newsletter was voted on and approved.

Past Events and Coming Events were then announced and are on page 3. Clubs then came up and talked about their cruise nights.

Brad then talked about Council Business. He started with the Cheese Head award. No Identity challenged a bunch of old people last month (Spectrum). No Identity got their asses handed to them. Again. No Identity then challenged Envisionz to something other than kickball.

Brad has heard rumors that he is going to break the council. We started the year with \$8405.74. As long as the

council supports the events that we are throwing then we will end the year with more money than we spent.

When the radios were returned to Bob Hase last month they were in dire need of new batteries. It wasn't brought to anybodies attention until after last months meeting. Bob elected to pay for 20 new batteries out of his pocket in the hope to be reimbursed by the council. The bill came out to \$747.99. We voted to reimburse Bob the money.

We also voted to pay the webmaster \$100 for the month of April. We voted to pay Mt SAC \$1800 for room rent for the 2nd half of the year, and we voted to pay for an accountant to go over our books.

Next months meeting will not be held in the hall. It will be held during the

car show. Roll in is 7:00 am to 10:00 am. We need more volunteers to judge the show. Please contact Brad if you would like to volunteer. We have trophies in all the normal classes. Remember, no alcohol. Local Finesse has issued a challenge. If any club can beat them in participation they will give them \$100. If nobody beats them they will donate it to the council. The more people we get at this event, the better Council Run we will have.

The Council Picnic is being held on July 11th at Prado Regional Park in Chino. The dunk tank list will be made by the Secretary and he accepts bribes. All council club presidents are required to be there. There will be a Pot Luck lunch so make sure to sign up for what you are bringing. Check the web site in a few days for a list of the games and

food. Several suggestions were made to have games for the kids. We voted to spend money on Jumpers and games for the kids. Children 11 and older will compete in the adult games not including alcohol. This is an alcohol allowed event. Please behave yourselves and watch your club members. This is not a car show, it is a picnic. The price is \$5 per vehicle to get in the park. We're hoping to start around 8:30 or 9:00.

Petitioning clubs were then announced and are on page 3. Forbidden Fantasy, Chemically Imbalanced, Envious, and Defined did not show up for their 2nd

meeting so they will be starting over.

Mercedes from the MDA thanked us for our support of their show. She apologized for what happened and they hope to have a better follow through next year. The money that they raise go to research into the disease and the people with it.

Brad went to Laughlin twice last month. We are going to the river this year for our run. We are having trouble with underage drinking. We have to follow the laws on it. He hopes to have it nailed down by next month.

We are aiming to have it in September or October.

Kitty then gave the Treasury report which is on page 1. Brad then adjourned the meeting.

# Upcoming Events

## May

### 7th - 9th Summer Madness Uprising
