2.Closer than you think

3.Our pet turtle

4.Rain Rain

closer than you think

we have something very strong
so what if we're miles apart
we have phones, we have cars
and most importantly, we have hearts
our love is just perfect
like a well mixed drink
think of me and then you'll see
we're closer than you think

our pet turtle

lots of people have a dog
to hang around and protect the house
some people have cats
to get rid of a mouse
but we'll have a turtle
who'll hang out in a tank
he'll be an invincible creature
that won't drown if he sank
we'll take him on walks
and down to the beach
we'll keep him clean
and there'll be tricks we can teach
they're so awesome
so very very fun
that's the exact reason
we got to have one

rain rain

rain rain don't go away

please stay here for all day

so micky and i can do a dance

in the puddles we will prance

it will be so fun, the latest trend

it'll last forever, the rain won't end
