## How To Make Money Taking Surveys

### How To Make Money Taking Online Surveys

**A**re you interested in scoring extra cash taking fun surveys or making real money for your opinions? Then, this report is definitely for you. This report will give crucial details on getting started taking legitimate surveys and steering clear of the scams!

Most direct email solicitations you receive in your inbox request you send money to join a survey club. I wouldn't say they are scams, but their ads are very misleading. They are actually middleman in this situation. Actively scouting for people interested in making money taking surveys. And then directing them to several survey for pay sites for a fee.

You read right! These companies compile list of survey sites online. And then charge interested parties a hefty fee to join their survey club and get access to the list.

Ah...wait just one darn minute! It's easy to compile your own survey list. Forget about the middle man unless you are too busy to take an hour or two to search the

Internet for free survey sites. And don't mind paying those middleman companies a fee for a list you could compile yourself for FREE!

To get started compiling your own list is easy. First off, go to your favorite search engine. For instance "Google" and type in surveys for pay, cash for surveys, online surveys, or something similar. You should see information and links to literally thousands of sites.

Surf to the top 20 or 30 sites. Click through the site and read all the information and jot it down or copy onto your clipboard and file away the info on your desk top. Read their rules and regulations and faq section.

Many survey sites will send you a check in the mail, direct deposits to your bank account, or payments to your paypal account. While others will credit you with points for taking a survey.

Once you've accrued a certain number of points you might easily redeem them for gift certificates, music downloads, or other valuable items. And other survey sites will enter your name in a contest once you complete the survey.

It's obvious you will never get rich taking online surveys but it is a good way to score many free items, or earn a few extra dollars.

I've scored Lotion, Shampoo, Food, Cosmetics. Music downloads, Gift Certificates to Online Bookstore. A DVD Movie, Software, Coupon for free cookies, and...drum roll please...a total of \$60.00. Mind you, I belong to 10 survey clubs and take several surveys a week. Most surveys last about 15 to 60 minutes.

If you want to earn more money or score more free items you should join more survey clubs. Join at least a dozen of the survey companies that offer better incentives. You should know this through your previous research. For instance, it is better to join a survey club that gives back 500 points you can redeem for items or \$10 cash then one that enters your name in a monthly sweepstakes for taking a 60 minute survey.

Learn to be savvy in your approach to joining these online survey clubs. Select the companies with the best incentives. And don't forget to read their privacy policy. Never join a survey club You Suspect is a front for a mass email list marketing company. Who will spam your inbox with their solicitations.

Open a free email account with Yahoo, Hotmail, G-mail, or AOL. Use this account specifically for your surveys.

This will separate your regular mail from your survey mail. And when you sign in to your survey email account you know you are ready to get to work earning cash or scoring items taking the newest surveys.

Is it a good idea to join survey sites to earn extra cash? I say a definitely yes! Is it a good way to make a full time income? Well, that depends. If you are selected to participate in a focus group. This is a more detailed survey. You will earn up to \$150 for the survey. The criteria for these special surveys are very specific. And the survey spots fill up fast.

If you think you might enjoy making a few extra dollars a month or scoring gift certificates, coupons or music downloads while sharing your personal opinions, this is the perfect part time job for you.
