

Dear Mr. Zhivotov:

I received three abstracts from you for the ISCORMA-2 conference:

"New Theory of Rotor Dynamics: Dynamics of a Rotor Having Hinged Support and Elastic Support."

"New Theory of Rotor Dynamics: Dynamics of a Rotor of 'Umbrella' Type, with Elastic Support."

"New Theory of Rotor Dynamics: Dynamics of Vertically Suspended Rotor."

Thank you for your interest in the conference. I will be in touch.

Regards,

Jeanette

**Subject:** Rotor Dynamics

Dear Mr. Zhivotov:

I am happy to inform you that your abstracts, "New Theory of Rotor Dynamics: Dynamics of a Rotor Having Hinged Support and Elastic Support" (No. 403), "New Theory of Rotor Dynamics: Dynamics of Vertically Sustpended Rotor" (No. 404), and "New Theory of Rotor Dynamics: Dynamics of a Rotor of 'Umbrella' Type, With Elastic Support" (No. 405), were accepted for presentation (based on acceptance of the final papers) at the ISCORMA-2 symposium, 4-8 August 2003, Gdansk, Poland.

Attached to this e-mail is a file containing formatting instructions for the manuscript, which is due 15 January 2003.

Your support and interest in the conference are appreciated.

Sincerely,

Donald E. Bently

Chairman, ISCORMA-2

[Jeanette Cox]
