## Offense

First write down what yard line your drive is starting on. (Drive starts on the 25-yard line.)

- PLAY 1 Choose a passing or rushing play. Write the result of the play in the appropriate box. (PASSING YARDS: 5)
- PLAY 2 (RUSHING YARDS: 10)  
When you get a first down, shade in the first-down flag. (See example)
- PLAY 3 Passing play was chosen. Quarterback was sacked for 5 yards. (RUSHING YARDS: -5)
- PLAY 4 (PASSING YARDS: 0)
- PLAY 5 (PASSING YARDS: 5)
- PLAY 6 PUNT

Penalty yards do not count as yards gained or yards lost.

### RESULT OF DRIVE:

Write down your passing/rushing yards gained and your passing/rushing attempts. Write down how many points were scored. Shade in the appropriate box indicating what happened on that drive. (Example, PUNT)

## Defense

Use tick marks to track your defense's interceptions, fumble recoveries, and safeties achieved during the game.

When the game is over, figure out your team statistics in the commissioner's box.

Tracking quarterback-rating statistics is optional.

If you have a drive longer than 20 plays, continue your drive below on the next drive section.  
If your game takes more than 10 drives to complete, use another scorecard to finish the game.
