

Look Into A Book

Registration for Academic Year 2005/2006

Dear Parents and Readers:

We entrust that you have reviewed our book list and calendar of activities with the understanding that our goal is to expose our children to reading in all capacities for not just the fundamentals of comprehension and writing, but to also advance in society by realizing every dream experienced through the literature introduced. Some works you may not approve of, so please contact me, Landu Kialeuka, or one of the staff for an alternative. Although at Look Into A Book we believe in limitless reading levels, we also are aware that our children are impressionable and we will not expose them to anything derogatory or disapproved by you, their initial teacher, the parent.

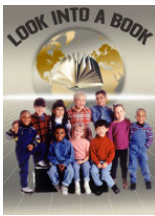

We thank you for your interest in learning and developing with us at Look Into A Book. Each step towards reading is a step towards success. We applaud you for your investment and the beginning to a path of leadership, better grades, test scores, and most of all knowledge.

Please complete the registration form and enclose a \$50.00 annual registration fee.

Note that there is no monthly fee for participation in Look Into A Book.

Sincerely,

Landu Kialeuka,
Director
