Valley Road needs sidewalks

To the editor:

I am a regular walker on Valley Road. On finding it extremely difficult and dangerous to walk on this road, in the absence of a sidewalk, I prepared a petition requesting the Long Hill Township Committee to build a sidewalk on this road.

People from all walks of life joined me in signing the petition. I collected the signatures from people on the road, in the park, and mainly from the customers of the Pathmark in the Valley Mall.

The signature campaign is in full swing. The first batch with 497 signatures was handed over to the Township Committee on Aug. 6. The second batch was presented on Aug. 13 and the final batch by Sept. 16, after the schools are reopened after summer vacation.

I would solicit your strong support for this long -felt need of the Valley Road users.

Mathew Abraham
Long Hill Township
