DiveIN™ SNORKELING

One of our most popular programs, this snorkel experience is perfect for beginners and experts alike. You'll have your equipment all day, so you can snorkel when you feel like it. Swim or wade around in the sandy shallows to check out the many schools of fish and our artificial reef. Or if conditions permit, swim outside the cove and discover deeper water and coral formations. You might even meet Bert & Ernie, our friendly resident stingrays

Upon arrival at the beach your friendly DIVE IN Staff (in orange t-shirts) will be available on the beach for any assistance needed with your snorkel gear and for information on the best places to snorkel. Throughout the day your dive instructors will be offering **marine life tours** including snorkel gear use and guided tours along coral walls amongst colorful schools of fish.

Please note the following:

- All snorkeling is done from the beach, not from a boat –
- We recommend that guests pre-register at the Shore Excursion Desk; you can sign up on the island but only if equipment is available
- All equipment is issued on the beach, not on the ship!
- The reef should never be touched for your safety and the well being of the reef!
- Please pay attention to your DiveIn staff for current restrictions on snorkeling
- Guests wishing to snorkel must wear the snorkel vest at all times in the water. Guests with their own equipment still need to sign up for the vest, at no charge.
- Participants must be able to swim
- No snorkeling or swimming in the tender / ferry lane.
