

Holy Spirit

Morris Bradley

The Bible say that, "No man can look upon the Glory of God Jehovah and live", purely meaning that the fleshly body of Man being so corruptible could not exist in the Glory of God's vibrations as he would disintegrate owing to the powerful energy flow. However, God can communicate with His people through the Holy Spirit and this action can take place within human beings through the intuition or via the superconscious mind and this action is extra-sensory and paranormal when in action. The great Spirit Army is ever present trying to incline Man in one direction or another, and it is through prayer, meditation and fasting that one can become attuned to the voice of God.

Seek and ye shall find, Knock and the door will open, My spirit is always with you – these are some of the promises made in the scriptures "Pray for wisdom," we are told, and this will be given as needed. But how? Only through the action of the Holy Spirit. So we see here that we have a direct line to God if we know what number to dial, and this is one long distance we can make that has no charge attached to it. "You can phone me collect," says the Lord, "and I will answer you." So how is that for an offer?

It is obvious that the Holy Spirit can manifest itself in many different ways for, at the Baptism of Jesus in the River Jordan, we are told that, "A dove appeared in the air and said, 'This is My Son with whom I am well pleased. This was God speaking through His own spirit. Angels, Arch-Angels, Cherubim and Seraphim, are all a part of this Holy Spirit Force, and even the Urim and Thummin were powered by this force. According to the records the Grand Architect of Solomon's Temple was given the plans and directions on how to build this edifice through inspiration from Jehovah. But how? Was it clairvoyantly or via an angel or in a dream? This does not matter, only the fact that God spoke to Man and Man understood and followed His directives. This is what the situation is today. God still speaks to Man if only he will listen to that small still voice then it would be possible to change the whole of our environment into a place of beauty and happiness that would rival the fabled Garden of Eden.

It is often preached that once you have been baptised by the Holy Spirit you may manifest one of God's Holy Gifts that are described in the Book of Corinthians, such as speaking in tongues. However, we believe that one is already born with these different attributes and that baptism in any form only re-affirms them and brings them to the fore in ones life. Many feel that during the *Age* of Aquarius, which is now and for the next 2,000 years, there will be a great outpouring of the Holy Spirit among all people and through this power, Man will attain a higher level of spiritual intellectuality and be able to control all base passions by pure reason. So, God's Laws may prevail and peace and humanity will reign. This is the good news that our descendants will be able to look forward to a World without hate, bigotry, fear, ignorance, and, within this realm, one may wonder as to what heights mankind may attain.
