

Box Tops For Education News

Thank you for clipping and sending in your box tops. We collected a total worth \$50 for this submission date. Remember this time was shorter than last submission. Don't take a break!! Keep on clipping and send your box tops in when you have collected a bunch. I will continue to collect them for the next submission date, which is next fall.

Ask your friends, neighbors, and relatives to help clip them with you. It does not take much effort. Some people purchase the products with box tops on them and they don't know what they are for. If you make others aware that your school will receive 10 cents for each one, they will be happy to save them for you.

We also receive bonus box tops for any one who signs up as a booster club member, which just entails entering your e-mail info on the web site [www. Boxtops4education.com](http://www.Boxtops4education.com) and entering your school info. You will receive monthly e-mail news from them about products that participate in the box tops. You will receive a link to print coupons to use or you can get the first month e-mail and then just delete or click on remove me from the list. It just takes effort to remember to sign up. So the next time you turn on your computer please help your school earn free cash just by taking a few minutes to enter your information on the web site!

Thanks for your support,
NSS
