

Day 2- Lecutre on 5-6 pages website design with bootstrap.

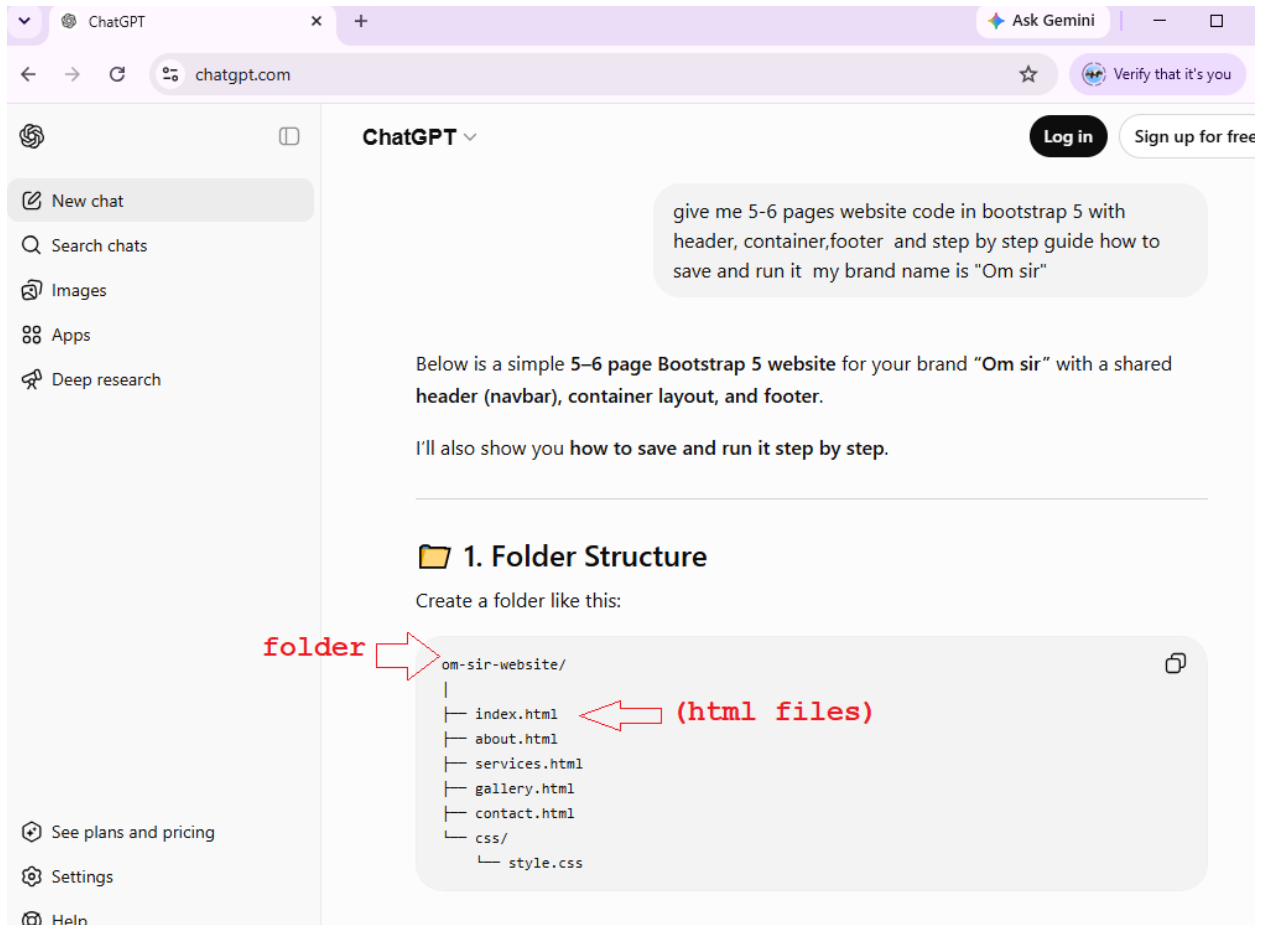

Step 1:- Go to chatgpt.com and type this

“give me 5-6 pages website code in bootstrap 5 with header, container, footer and step by step guide how to save and run it my brand name is "Om sir"”

As shown below.

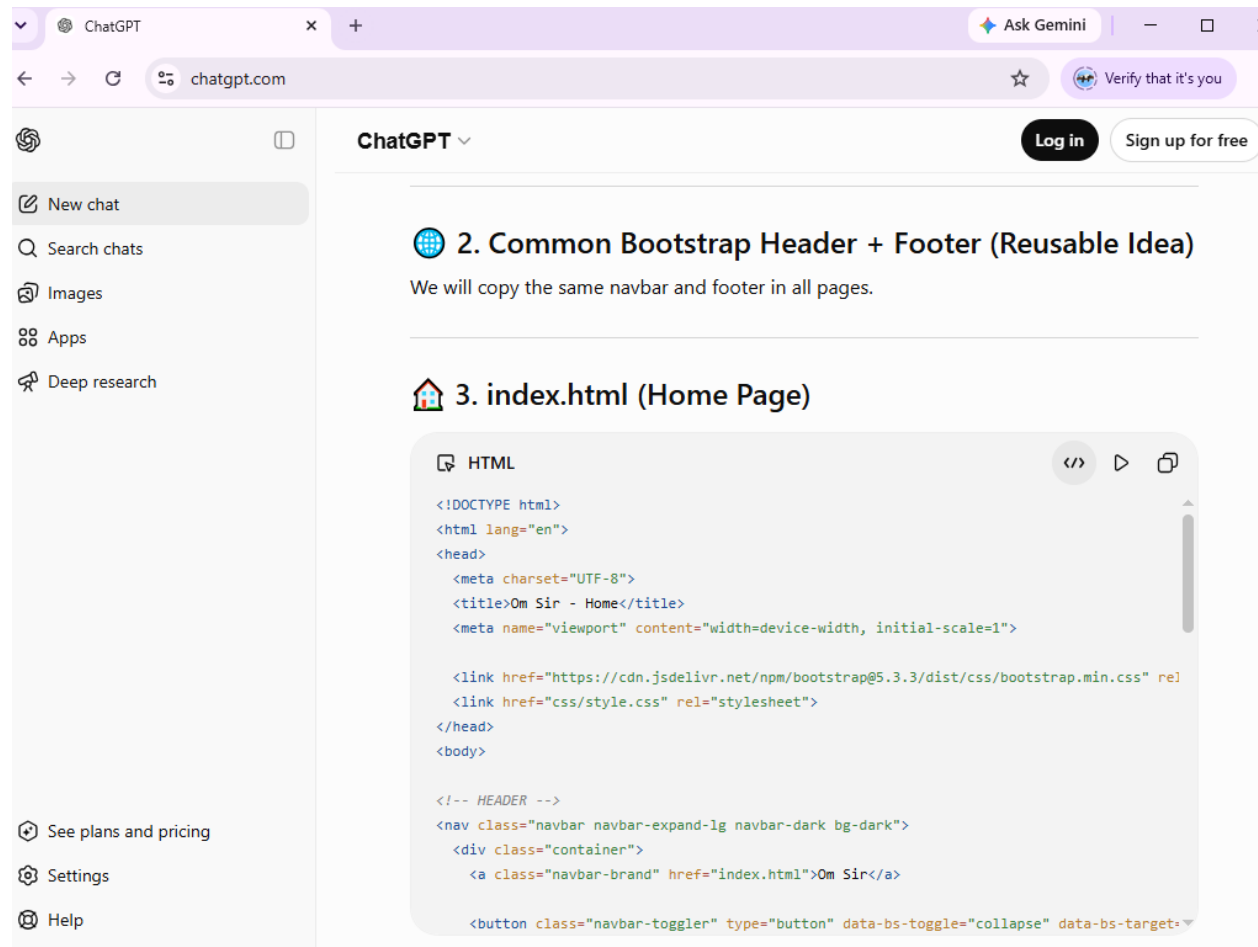

Step 2:- then you will see folder structure given by chatgpt just follow it step by step as shown below

And open your notepad++ and copy code of index.html and paste it in your notepad++ and save it inside folder as Chatgpt will guide you shown above.

You will see code for index.html file and other files like about.html you just copy and paste in notepad++ and save inside your folder as shown below

The screenshot shows the ChatGPT web interface. The browser's address bar displays 'chatgpt.com'. The left sidebar contains navigation options: 'New chat', 'Search chats', 'Images', 'Apps', 'Deep research', 'See plans and pricing', 'Settings', and 'Help'. The main content area is titled 'ChatGPT' and includes 'Log in' and 'Sign up for free' buttons. The chat history shows two messages:

- 2. Common Bootstrap Header + Footer (Reusable Idea)**
We will copy the same navbar and footer in all pages.
- 3. index.html (Home Page)**

The third message displays a code editor with the following HTML code:

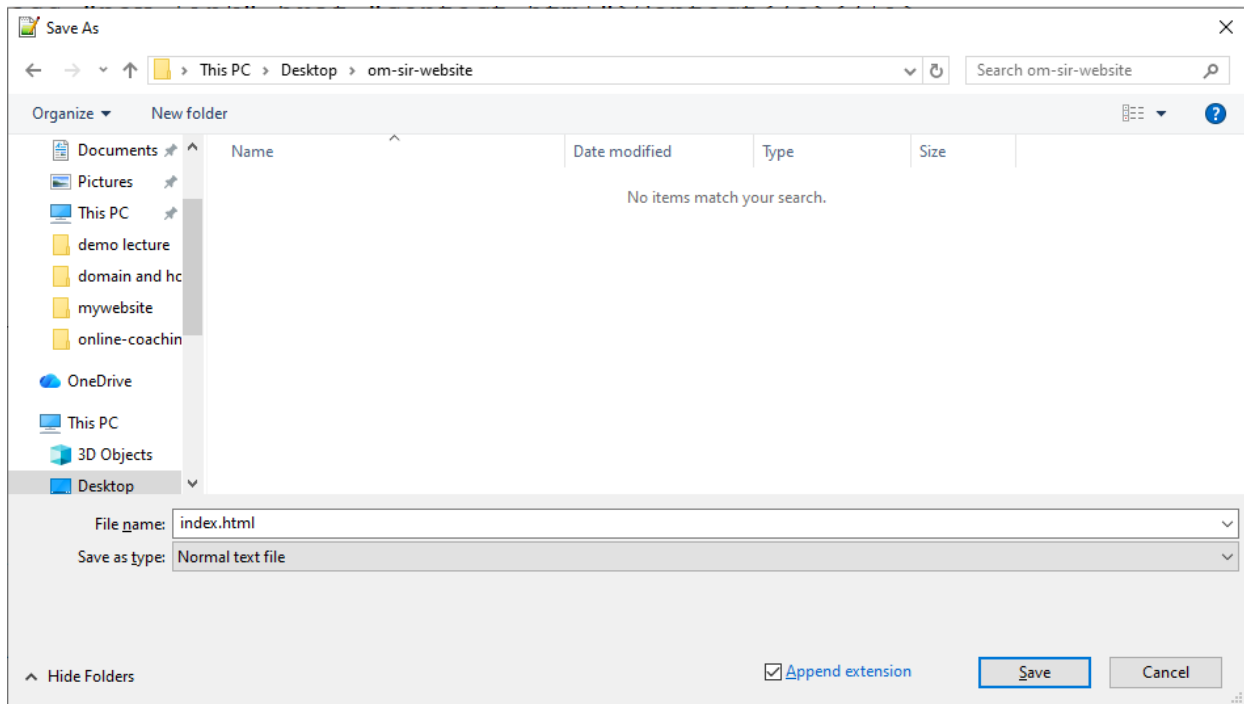

```
<!DOCTYPE html>
<html lang="en">
<head>
  <meta charset="UTF-8">
  <title>Om Sir - Home</title>
  <meta name="viewport" content="width=device-width, initial-scale=1">

  <link href="https://cdn.jsdelivr.net/npm/bootstrap@5.3.3/dist/css/bootstrap.min.css" rel="stylesheet">
</head>
<body>

<!-- HEADER -->
<nav class="navbar navbar-expand-lg navbar-dark bg-dark">
  <div class="container">
    <a class="navbar-brand" href="index.html">Om Sir</a>

    <button class="navbar-toggler" type="button" data-bs-toggle="collapse" data-bs-target=">
```

And in notepad++ paste code and press ctrl + s and save inside your folder like this

and to run just Go to your folder and right click on your index.html file and click on open and you will see output.

The image shows a Windows File Explorer window for the folder 'om-sir-website'. The 'index' file is selected, and a right-click context menu is open, showing options like 'Open', 'Ask Copilot', 'Edit with Notepad++', 'Scan with Microsoft Defender...', 'Share', 'Open with', 'Give access to', 'Restore previous versions', 'Send to', 'Cut', 'Copy', 'Create shortcut', 'Delete', 'Rename', and 'Properties'. Below the file explorer, a web browser window displays the 'Om Sir' website. The website has a dark header with the 'Om Sir' logo and navigation links: Home, About, Services, Gallery, and Contact. The main content area features a large heading 'Welcome to Om Sir' with the tagline 'We provide quality education and guidance.' Below this are three buttons: 'Learning Made Easy', 'Expert Teaching', and 'Career Growth'. The footer contains the copyright notice '© 2026 Om Sir. All rights reserved.'
