

This is a copy of the email sent to OCC, Discovery channel and chuggen entertainment

I am writing to complain about the utter disgrace that your so called event actually was. We spent over \$1000 to come to Sydney from Queensland to see our fav. tv show and what did we get????

We got to stand in the scorching sun for an hour and a half to get through the gate.

We had to wait in line for a hour and a half to get a bottle of cold water

We had to wait nearly 2 hours to get a hamburger.

We saw 4 bikes made by OCC, that looked like they were rolled off the highway - and not even new bikes they'd made, bikes from the first series.

We sat for 7 hours in first the scorching sun and then pouring rain to see the OCC boys - we didn't expect much from them themselves, but we did expect to see a proper bike show with Australian made choppers and custom motorcycles.

This event was a disgrace, poorly organised and poorly executed. The worst part was watching the OCC boys all day waving from their nice comfortable air-conditioned hotel suite.

Even though we fully realise that the OCC boys were not in charge of the event and really didn't have any say in how the event was run, we will be emailing them, the discovery channel, foxtel and anyone else we can think of.

It's also a pity that the impression they will have got from a very hostile, frustrated crowd will be how they remember Australia. This is totally your fault. Had we been able to locate any management on the day, we would have demanded a full refund on our tickets.

ps I have some excellent video footage of the boys waving from the Novatel lol

pps Vinnie and Jason are the best of a bad bunch .. least they had the respect to come down and sign stuff for people
