## Areas of Interest/Involvement

OCHEA is a support organization whose activities depend upon the participation of its members to make things happen. **Members of OCHEA are required to participate in organizing or facilitating at least one activity for the year.** Many of our families are involved in organizing more than one activity because they find it is such a great way to meet other homeschooling families and create opportunities for fellowship and learning! If you are new to Okinawa (or homeschooling) and would like to pair up with another homeschooler to organize an activity, please let us know by checking the appropriate box below. We'll contact you soon with the name and phone number of another homeschooling family. Listed below are several ideas/activities which have been organized in the past. *Please indicate your areas of interest and involvement below:*
