SALAM ALEIKUM! WELCOME TO MY HUMBLE EATERY. DON'T MISTAKE US FOR WAGAMAMA, THE TRENDY BRITISH RAMEN CHAIN KNOWN FOR THEIR ORGANIC NOUVELLE CUISINE-STYLE LOW-SODIUM B.S. WE WERE HERE FIRST AND THEY ARE CHEAP IMPOSTERS. MAY YOUR VISIT BE A PLEASANT ONE, FREE OF BOTULISM AND TAPEWORMS.

FOUNDER AND SOUL PROPRIETOR, *Okama bin Ramen*

SINCE NONE OF OUR WAITRESSES SPEAK ENGLISH, PLEASE ORDER BY NUMBER AS SHOWN BELOW, IN TRUE CHINK RESTAURANT STYLE.

1 - Okama bean Ramen - Turn up the barometer of your *gay-dar* with this decadent self-titled concoction! Your choice of refried, baked, or *edamame* beans. Special broth cooked up by our two fudgepackin' chefs Dietrich and Xavier which will suppress your testosterone levels and increase the estrogen count. Yeah, one taste of this ramen will make you so *okama'd* out that the next time you go to the beach and see some guy's hairy ass cheeks protruding from his Speedos, you will get a major stiffy. ObR *jism juice* secret sauce available upon special request if you're willing to spit not swallow.

2 - 9/11 Ramen – THE HEAT IS ON! So hot you'll have to jump out of a window!

3 - Okama-ghanistan Opium Ramen - Takes you to new heights. Yes, even higher than *those* famous two buildings!

4 - WTR (World Trade Ramen) - Includes a multi-national topping assortment including, shwarma, falafel, and camel gonad kebabs.

5 - FDNY DKNY Ramen - So fiery hot, fire comes out your fashion-victim arse.

6 - G-had Ramen - Served by a suicidal er, suicide bomber with an wind-up alarm clock hanging from his neck (kind of like Flava Flav of the now defunct rap group, Public *Enema*) and sticks of dynamite precariously wrapped around his torso and *cojones* under his trench coat.

7 - Mohammad (heart) ATTACK Ramen - This ramen is (Okama bin) laden with so much lard and beef fat that a heart attack is guaranteed the next time you *choke your chicken* and your blood pressure rises.

8 - Al-jizz-eera Ramen – From the official media conglomerate of Okama-ghanistan *cums* a spunk-filled tubesteak creation. Just one whiff of this sinful amalgam will make your palms hairy.

9 - Fatwa Falafel Ramen - This eatery declares a *fatwa* that all AmeriKKKans should put down their TV dinners and eat more falafel, those deep-friend balls made out of chick peas that look like horse dung.

10 - WOMD Ramen - Constipated? Fortified with a triple-double dosage of Ex-lax, the **Weapons Of Mass Destruction** ramen will launch a *nuclear assault* in your toilet complete with *carpet-bombing* doo doo.

11 - Twin Towers Ramen - This exotic *tour de force* features two chopsticks standing upright from your bowl of noodles symbolic of those towers that are now reduced to rubble. Will make a grown man weep with flashbacks.

All animals used in food product served at establishment are slaughtered in the most inhumane method possible; namely, by genital strangulation and forced anal probing.

Payment information - Cash in U.S. \$\$\$ only. Pay first. Refunds given behind the back door of kitchen. You will be given a bar of soap to drop before any refund is issued.

Prices may change depending whether there is a war outside the restaurant. If a customer orders item number '6' and dies getting blown up in an unfortunate accident, the bill will be conveniently forwarded to next of kin by a suicidal-happy Middle-Eastern collection agency.
