Social book marketing :- in this process we save website link on website like reddit.com

Step 1:- Go to reddit.com and make sign up with your gmail id .

ogle Search 🗙 🤇	Reddit - Dive into anything × +
ifications blocked	https://www.reddit.com
	Q Search Reddit
	Trending today

After login with google you will see topics to select , select 5 to 6 topics and continue.

← 😼
What are you into? Select three topics to continue
Cricket Bollywood India
Finance & Business Gaming Advice
AMA: Ask Me Anything No Stupid Questions
Legal Advice Ask Reddit Animals & Awws
Anime Art & Design Beauty Timepass
Hobbies Home Care Movies Fashion
Food Funny Health & Lifestyle
Livestreams Music News Outdoors
Continue

After it you will see join some communities , join which you like.

For example you join AskReddit community and click on continue.

Join some communities

←

Then skip and after that you will see right hand side + icon click on it

And save username and choose your community & then click on Link.

Create a post

	What are your thoughts?	

2) Article Submission :

Here we write articles on relevant business topics which we want to promote and inside content we select relevant words and create link.

For example :

Got to medium.com

And make sign in with gmail id.

After sign in you will see write pencil icon on left hand side at bottom as shown below click on it

After click on this icon.

After it you will see to enter your article title and content as shown below.

://medium.com/new-story	
Draft in OM Maurya	
Title	
(+) Tell your story	

Enter your title and content. And inside content select relevant words and click on link icon as shown below.

Are you looking for digital marketing trainer in <u>mumbai</u>, <u>india</u> then meet om sir.

And paste url as shown below and press enter .

3):- Question & answering: - find question related to your customer's problems and write answer on Quora.com.

Step 4:- Social Media Link sharing : -

Share your Website pages link to Facebook Groups , linkedin Groups.

Go to your facebook groups and open it as shown below example , click on write something....

Copy your website page url and paste here & describe for example

And finally click on post.

Note :- here you can use Hashtags from tool like
