IMPORTANT NOTICE: The above listed programs are Freeware, and can be distributed freely to anyone via any medium. These programs however, *cannot* be put up for distribution on a website/web page without providing a link to http://www.geocities.com/parry_mathur or without the developer's prior consent. This document *must* accompany the Programs if they are put up for distribution.

GENERAL NOTE: The above listed programs were created using various versions of Macromedia Flash (<http://www.macromedia.com/>), Turbo C++, and Game Maker 5.3 (<http://www.gamemaker.nl/>) by Paritosh Mathur.

My thanks to the authors of these tools and to Yahoo! GeoCities, which have led to the creation of my website and all my downloadable programs. You can send me criticism, comments and/or suggestions regarding my website and programs through my website (email or Guestbook).

Please tell your friends, family and co-workers/colleagues about my website and its contents.

Thank You
Paritosh Mathur
