A meeting was called at the PJ Club on 23rd November at 1.00pm. The objective of the meeting was to discuss Hash matters causing concern to Harriers Chapters.

At the start of the meeting, it was agreed that minutes and proposals discussed would be circulated to all Hash chapters. This would avoid misunderstanding from other chapters as well as to invite those who were not in attendance but who are in support to join us.

The meeting was then informed that it is not the intention of this gathering to disallow women from the Hashes but merely to ensure that Hashes in Malaysia do not lose the Hash traditions through misinterpretations or other reasons.

The meeting was unanimously in agreement that HASH HOUSE HARRIERS ARE FOR MEN ONLY. There should be no such thing as a mixed Hash House Harriers.

Members of Hash House Harriers can participate also in Harriettes' run.
