Our research indicates that these "records" are believed to be the best performances made by students attending any of the Roman Catholic secondary schools within the U. S. Affiliation with the "Church" was verified by the listed schools' own website, as well as various publications listing private and parochial schools.

It should be noted that these respective "student-athletes" DO NOT have to be members of the Roman Catholic faith. Only that they attend a Catholic school, to be eligible for this listing

Thanks to TRACK & FIELD NEWS High School Editors, Jack Shepard and Mike Kennedy; DYE STAT, John Dye, editor; EASTERN TRACK, Walt Murphy, editor; as well as colleagues Jim Spier and Jack Pfeifer, among others, for providing data on these performances.

Undoubtedly, there are a few superior marks that have been overlooked. Especially in our research to determine if a "given" school is... or is not...a Catholic High (or Prep) School. In this regard, we would appreciate any amendments or comments regarding these lists. Thanks.
