Expires 12/10/06

1. It all starts with your photo or digital file

Your photo or digital file is first inspected and digitally enhanced. We will eliminate any obvious flaws like dust or scratches.

2. We reproduce as a “Digital Painting” on real canvas

Our artists then reproduce your image in an “Old Painter” style of a traditional oil painting on real stretched canvas on a wood frame and ready to be hung.

3. Your Satisfaction is guaranteed!

We are so sure you will be totally delighted that if you do not like the final product we will reprint your art or refund your money.
