It is that time of the year again! For the past twelve months, Lord Tostig has valiantly served defense of my ship. The Gardian will now be requiring a new and loyal First Mate whose job it is to protect the Captain and the Ship. The First Mate will be chosen by means of a Rapier Tourney, defending the ship from all rougues. The victor will hold the title of First Mate for the following year.

There will also be a treasure hunt, for the children.
(weather permitting)

The First Mate's Tourney is a Rapier Auction Tourney. Monies raised will go toward Rapier in the Barony of Innilgard. As The Gardian is loyal to the Kingdom of Lochac, a tith (1/10) of monies raised will go to the Kingdom Coffers for use by the Crown.
