Resume – Profile – Curriculum Vitae

Name	Dipl. phys. (TU) L u t z T h o n
Adress	Schillerstr. 7 D – 63225 Langen
Fon	+49 (0) 6103 – 97 67 13
Mobile	+49 (0) 171 – 792 11 77
Fax	+49 (0) 6103 – 206 19 40
E-mail	Lutz.Thon@web.de
Nationality	German
Languages	German (native), English (perfect), French (basics)
IT-experience since	1981
Year of birth	1957
Locations and conditions	D, A, CH, UK, F unlimited, available immediately rate negotiable depending on responsibility and location
Position	<ul style="list-style-type: none">• Analysis, modelling, design in application- or Data Warehouse development, metadata management• Project Management• Interim Management

Projects

from 11`03	Sales and project management
Company / Sector	Self-owned company, Langen
Function	CEO, project manager
Activity	Leading the company and bringing it to market, acquiring and managing projects and subcontractors
10`02 to 10`03	CRM database, HR database, Web presence
Company / Sector	IT-service provider, Langen
Function	Analysis, design, implementation, optimisation
Activity	Customer database including contact- and campaign handling as well as sales reporting and -controlling; HR-database including contact and profile handling, Data loading processes; Web presence and WWW-Search Engine Optimisation
Tools	MS ACCESS2000+VB, MS FRONTPAGE 2002, SubmitWolf V5
09`02 to 10`02	Study regarding Web services technology
Company / Sector	Bank, Frankfurt / Main
Function	Analyst
Activity	Evaluation of the implementations of SUN, IBM, Microsoft, BEA on the basis of the standards SOAP, WSDL, UDDI regarding new opportunities for automated metadata exchange to enhance operative risk controlling
04`02 to 07`02	Implementation of EDIFACT data transfer
Company / Sector	Service provider, Health
Function	Implementation
Activity	Management Application for health service provider: extension by an EDIFACT-interface incl. encryption and WAN transfer, certification
Tools	MS ACCESS2000 + VB, Dakota, FTP
03`00 to 03`02	Consulting and technical management at ETL-vendor
Company / Sector	Ardent Software à Informix à Ascential, Neu-Isenburg à München
Function	Presales consultant, later technical manager also
Activity	Data Warehouse data- and process infrastructure: projects regarding evaluation and feasibility (RFI, POC); analysis (semantics, transformations,

		processes), implementation of complex loading job structures, support; collaboration with partners on the source side (database- and ERP-vendors [SAP, SIEBEL,..]) and the target side (OLAP- and reporting: [Business Objects, Hyperion, Cognos, Seagate,...]); setting up metadata infrastructures using the metabroker-technology; project- and team management (25 people in DACH)
	Tools	Ascential DataStage Suite: DataStage V3 – V5, MetaStage V1-V2, QualityManager V4, Metabroker, SAP Extract PACK, SAP-BW-Load-PACK, SIEBEL-Extract-PACK, XML-PACK, SQL, PL/SQL, Unix/NT, SALESFORCE.COM, MS Project
03`92 to 02`00		IT-Consulting and projects
Company / Sector		IT-Service provider, Frankfurt / Main
Function		Analysis, design, implementation and support of RDBMS-applications, software engineering, quality assurance, test, project- and team management
Activity		Projects over the whole software life cycle; implementations with teams up to 12 people; development of a approach for Automated Application Development using ORACLE-database- and tools technology, migration projects, managing of customer relationships, building the companies partnership to ORACLE
		(please find below a summary of some selected projects)
03`94 to 02`00		Logistics-system, goods wagon handling
Company / Sector		Corporate Transport Services, Leverkusen. Chemistry / Pharmaceuticals
Function		Analysis, architecture, implementation, support, management
Activity		Operational handling system for the hundreds of goods wagons daily; business and security data, interfaces to Bundesbahn, Production Data Acquisition and central host applications (also SAP)
Tools		ORACLE RDBMS V6 – V8, ORACLE CASE V4 / Designer2000 V6.5, ORACLE FORMS V3 – V4.5, ORACLE REPORTS V1-V2.5, PL/SQL V1-V2, SOLARIS 2.7 (Unix Shell), MS Project
06`99 to 11`99		Campaign interface for distributed merchandise system
Company / Sector		German, Europe-wide retailer, Düsseldorf. Retail
Function		Analysis, implementation
Activity		Implementation of a complex interface for the distribution of article and campaign data from central planning to the single markets
Tools		ORACLE RDBMS V8, PL/SQL V1, SOLARIS 2.7, Cobol data structures
10`92 to 10`99		Structured document management system
Company / Sector		Polymer plant engineering, Frankfurt /M. Engineering
Function		Analysis, architecture, implementation, support, management
Activity		Management system for storage and handling of the structured elements data for plants; revision handling, project controlling, distribution and merge of projects; development and implementation of an approach for model driven application generation (ORACLE Designer V2 to V6i); extended database procedures and triggers, performance tuning, user rights concepts, technical and commercial project controlling, team management
Tools		ORACLE RDBMS V6 – V8, ORACLE CASE V4 / Designer2000 V6.5, ORACLE FORMS V3 – V4.5, ORACLE REPORTS V1-V2.5, ORACLE DISCOVERER, PL/SQL V1-V2, SOLARIS 2.7 (Unix Shell), MS Project
03`93 to 02`94		Warehouse and inventory management
Company / Sector		Filament manufacturing, Bobingen. Chemical engineering
Function		Analysis, implementation
Activity		Covers the chain from production, storing in different locations and shipping, interfaces to Production Data Acquiring and PPS-systems
Tools		ORACLE RDBMS V6 – V7, ORACLE FORMS V3, PL/SQL V1, DEC-VMS

09`87 to 02`92	PPS-System
Company / Sector	Printed wiring board manufacturing, Dresden. Industry
Function	Analysis, Design, Implementation, Support
Activity	Production planning and control for High-Tech-Multilayer-Boards, capture of all technological data, controlling of each single piece, quality assurance and 100% trace back, interfaces to Production Data Acquiring, quality assurance
Tools	ORACLE RDBMS V5, ORACLE FORMS V1.9-V2.3, SQL, DEC-VMS

Education

10`79 to 08`84

University Technische Universität Dresden
Qualification Physicist (TU-Diploma), Special Interpreter English
Subsidiary subject Business Administration

11`76 to 10`79

Military service

Air plane technician

06`76

School **General Qualification for University Entrance**
Special school for electronic industry, M.A. Nexö
Extended Mathematics und Physics
Further continuing educations during profession

Personal capabilities and competencies

Methodological competencies

Project management und –controlling internal/external,
effort / fixed price
System analysis and –modelling (data, functions, processes),
Dimensional Modelling (DWH)
Software development processes (Rapid Prototyping, RAD, effort
analysis FPM), approaches, quality assurance standards, configuration
management, metadata infrastructures
Marketing- and sales methods (presales, Solution Selling,
Target Account Selling, telephone acquisition), market knowledge
within the RDBMS- and DWH-environment
Moderation- und presentation techniques
Team- and labour management, trainer and coach, management by
targets, Balanced Scorecard

technical competencies

ORACLE certification in 2000 (Application Developer Track),
database performance tuning
(see overview below)

Other

married, 2 children (18,16)
Hobbies: sailing, running, mountain biking, music

Technical profile

Programming languages:

- § PL/SQL (procedures, trigger)
- § SQL
- § Visual Basic
- § UNIX-Shell
- § Cobol (data structures)
- § (JAVA, HTML, XML)¹
- § (FORTRAN)

Operatin systems:

- § Windows: NT, 2000, XP
- § UNIX (Solaris)
- § DEC-VMS
- § MS-DOS

Tools:

- § ORACLE CASE V4
- § ORACLE Designer2000
- § ORACLE² Develer2000
 - Forms V4.5
 - Reports V2.5
- § ORACLE Enterprise Manager
- § ORACLE Loader
- § Ascential DataStage Suite
 - DataStage V3-V5
 - MetaStage V1- V2
 - Metabroker
 - QualityManager
 - DataStage 390
 - SAP-Extract PACK
 - SAP-BW-Load-PACK
 - XML PACK
- § Aonix (UML)
- § ERWin
- § MS-Office / MS-Project
- § Frontpage2000
- § SubmitWolf (WWW Search Engine Opt.)
- § Adobe Photoshop

Databases:

- § Oracle V5 to V8.1.7
- § MS Access V95 to V2000
- § (ADABAS)

Middleware / Web:

- § SQL*Net
- § EAI-overview (Vitria, Crossworlds)

Network:

- § TCP/IP, FTP
- § Windows networks

OLAP, Reporting:

- § (Hyperion, Business Objects, Cognos, Seagate Holos)
- § ORACLE Discoverer
- § (SAP-BW)

Other:

- § (Web Services)

¹ ()=good overview knowledge

² ORACLE certification in 2000 (Application Developer Track)
