

Experience

Oakley

Assistant Manager

August 2011 – Present

Increased sales compared to LY over previous year comp by 6.9% through leading a team of associates, modeling key Oakley ELITE customer behaviors, providing real-time coaching to ensure the individual associates and overall store achieve the goals set forth by leadership.

- Helped exceed store goals by obtaining personal sales exceeding \$2 million over a 6-year span.
- Created a performance-dominating environment by utilizing apparel, training, and eyewear ownership.
- Improved conversion by building, and maintaining apparel presentations that promote customer engagement throughout the store.

The Walt Disney Company

Professional Engineering Internship

January 2014 – June 2014

Demonstrated Disney's Four Key Basics while leading over \$3,000,000 in construction projects across multiple Disney properties.

- Managed the Port Orleans DME Luggage Room Modifications from the design through implementation including developing the CIR pre and post bidding, pre-construction meeting and using CM13 for all project paperwork.
- Team player on implementing the Old Key West Food and Beverage area that included many components, rehab existing restrooms, add new beverage island, reconfigure the bar area, modify existing QSR and replacement of tile in the Olivia's restaurant.
- Coordination and communication with the stakeholders at Saratoga Springs, Old Key West and Port Orleans resorts played a major part while in design and implementation of various projects.
- Ensured that the financial reports were correct and that all EFC's and commitments were accurately reflected.
