Tournament News!

May 10th- Redding. (see flyer in dojo)

-Tournaments are a great way to show off all your hard work and training in a competitive way.

PSKD attends approx 4 tournaments a year in Redding and Yuba city, Ca.

-These are "Dojo sponsored" events where additional tournament training is available free of charge to students who sign up to go.

-It is NOT a requirement for our students to attend tournaments. It is a personal choice. Tournaments can be costly: travel expenses, registration fees,

sparring gear, heavy weight gi's etc.

-Sensei especially likes the tournaments held by Halsey's dojo in Redding, CA because the travel distance is minimal, the tournaments are of quality competition providing an excellent opportunity for our students to compete at minimal cost.

-Dojo sponsored tournaments require the student to sign up approx one month before the tournament and attend ALL tournament classes which are held 1X week until the tournament.

-Students who do not sign up, and do not attend the required classes will not be

able to compete in the tournament, but can go to offer support to their team members.

Hydration is SO important while training! PLEASE send your child with a water bottle (with his/her name on it) to each class!

Also, it is permitted to train with a dojo t-shirt on instead of a heavy gi top. We only have a few T's left! \$15 ea.
