

2004 CROWN VICTORIA MAJOR PRODUCT CHANGES

OVERVIEW

The 2004 Crown Victoria offers greater value in 2004 through minor adjustments to the packaging of features. One major change for the 2004 Model Year is the elimination of chrome treatments on the door handles and front/rear bumper fascias on the Crown Victoria Standard (P73/100A). Returning LX Series customers will want to order the LX (P74/200A) with the optional LX Premier Group (60L) in order to maintain the level of equipment to which they have become accustomed.
