

2004 EXCURSION MAJOR PRODUCT CHANGES

OVERVIEW

The 2004 Excursion is offered in an easily recognizable series line up with XLS SSV, XLS, XLT, Eddie Bauer, and Limited arrays. With all its features and options, the Excursion is the most powerful, capable, and versatile SUV in the line-up. As always, Excursion meets the LEV standard or better on all engines (up to 43% fewer smog-forming exhaust emission than permitted by law). If you are conscious about the environment, the Excursion reaches recyclability level of 85% by weight. Combining all this with the utility for activities such as towing and safety features like Blockerbeam® and Belt-Minder®, Excursion is truly the Ultimate Sport Utility for active lifestyles.
