

2004 EXPLORER (4-DOOR) MAJOR PRODUCT CHANGES

OVERVIEW

The 2004 Explorer is offered in an easily recognizable series line-up, with XLS, XLS Sport, XLT, XLT Sport, NBX, Eddie Bauer and Limited arrays available. All-Wheel Drive is available on six arrays, offering confidence and simplicity to almost any driving experience, while the versatility and unmatched capability of Control Trac® 4x4 continues to be available on all series. The exterior appearance of the XLT series is enhanced as it moves to a monochromatic theme. There are changes in the exterior color line-up with the introduction of 2 new colors. Eddie Bauer and Limited are now available with a Quad Bucket Seating option. Advance Trac® is now available with V6 and V8 engines. These new additions keep Explorer out in front of the competition as it strives for its 13th consecutive year as the best selling SUV in America (★ indicates new for this model year).

MODEL/SERIES AVAILABILITY CHANGES

- Target Product Offering is adopted with 7 series that drive 32 arrays.
