

Lancaster Co. Partners for Gifted Education is pleased to present:

Dr. James Delisle

"Parenting Gifted Kids: Tips for Raising Happy & Successful Children"

Parents of gifted children & teens have many questions about how best to meet their intellectual & emotional needs. Parents of gifted kids want to know what giftedness is... and what it is not. They want to know how to set expectations that are balanced and appropriate. They want to know how to help their children find true friends who share similar interests and abilities. Dr. Delisle will address these issues and others that "come with the territory" of raising gifted kids.
