Welcome to the 2002 Region 17 Year in Pictures. In this magazine you will find photos from all around the region. 2002 has been a landmark year for Region 17 and many memorable moments have occurred. I hope that each of you enjoy the compilation you hold in your hands.

Photos were obtained from various websites and from my away missions to support our chapters in their endeavors to celebrate our mutual involvement in the phenomena that is Star Trek.

### 2002 The Year in Review

2002 was a great year for Region 17! We have a constitution, a Treasury, Recruitment Posters, new challenge coins, regular two-way communications and more and more events that 3 or more chapters participate in!

I cannot express how good this region and our members have been to me. The experience of being your regional coordinator is one that I will keep with me for as long as I can.

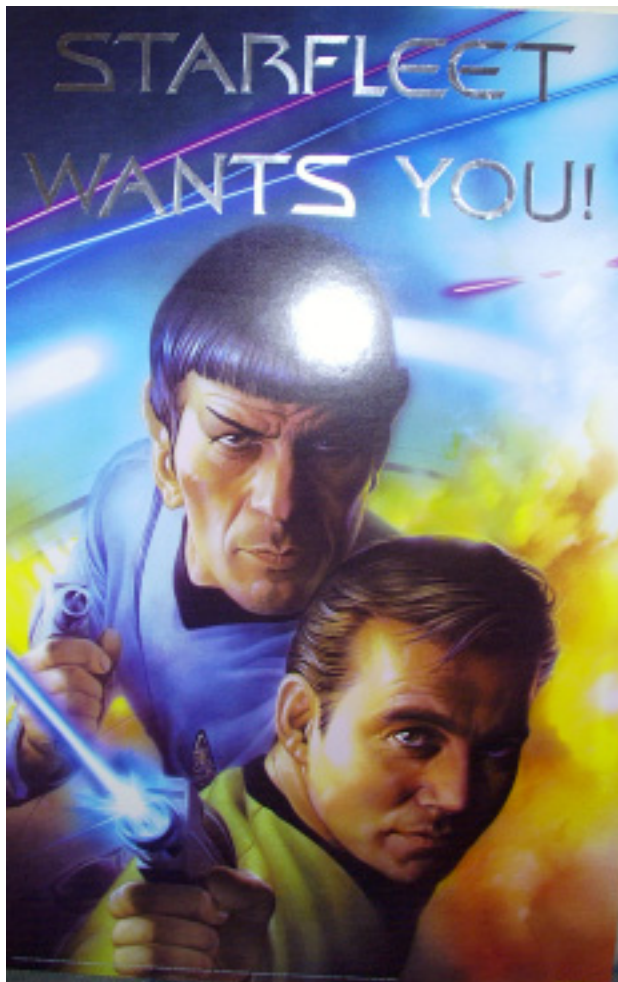

### Growth & Directions

I would really like to see things get started in areas such as: Pueblo, Santa Fe, Roswell, Cheyenne and Laramie. We are working towards recruitment efforts in these communities. If you know someone who would be interested in helping start a chapter, please let me know.

### One last thing...

I want to thank all of you who have helped make R17 the best region in all of SFI (John Roberts paid me to say that :) With a little over a year to go before I retire as your RC, I want to help this region gain another chapter (or 2). I hope you enjoy the yearbook.
