

NEANDERTHAL

[INTRO}

This song is called Neanderthal

[First VERSE]

{translated from the ancient language}

Girl you know you are my flat world
I hunt every day for you
When you cook for me
It backs that thing up

[Second VERSE]

What I love most about you
Is that you can take a punch
And never dent my club with your doo
Even when your hair falls out
It grows back and you don't pout

[Final VERSE]

Where could I find another
One like you ?
Oh yeah, I forgot
The tribe across the creek
Will do !

[END]

Music: Radiation Factory
