

NEW LOVE FOUND

[INTRO]

[VERSE]

Seems if you would never come my way
I would only know how lonely feels
If we had met another day
Still I wouldn't feel the same

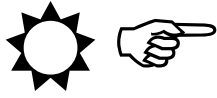

[CHORUS]

*I hold your life
And know that you hold mine too
If you love me it will last for you*

[2'nd VERSE]

Guess I never known before
Just how happy love
Could make me feel
There was never one like you
Make love seem so real

[CHORUS]

NEW LOVE FOUND

[3'rd VERSE]

I remember the first few days
When you blew new life into me
There you were like a brand new day
With oceans of dreams to sail
Run circles of love around
And me with a new love I found
Stills my heart when I hold you close
Now I can finally breathe

[BRIDGE]
