ATTENTION: MR. STEVE BEARDON

Dear Steve,

RE: APPRECIATION FOR THE WAR ON GRAFFITI.

I write to express the appreciation of the members of the Cranbourne Chamber of Commerce and Industry, for the ceaseless endeavours of you and your members, to educate the community about the true scourge of graffiti, and your leadership in attempting to bring about its eradication.

I have been pleased to be able to report back to my members on the recent occasion when you invited myself and the Immediate Past President, Peter Scollo, to meet an interstate guest who you had brought to Cranbourne for support, and to meet with Councillors of the City of Casey.

The results which your group has obtained, such as achieving the donation of over 1,000 trees, raising community awareness, and gaining the support of the City of Casey to achieve community outcomes, reflects very well on the commitment of your members.

Your brochure, "Graffiti Removal", stands as a testament to your success.

I trust that you can continue to push forward with this most valuable community work, and we wish you and your members, every success for the future

Yours faithfully,

DON METCALFE
CHAIRMAN
