

BON JOVI: CRUSH

1. It's My Life

(Max Martin / Jon Bon Jovi / Richie Sambora)

This ain't a song for the broken-hearted
No silent prayer for faith departed
And I ain't gonna be just a face in the crowd
You're gonna hear my voice
When I shout it out loud

Chorus
It's my life
It's now or never
I ain't gonna live forever
I just want to live while I'm alive (It's my life)
My heart is like an open highway
Like Frankie said
I did it my way
I just wanna live while I'm alive, It's my life

This is for the ones who stood their ground
For Tommy and Gina who never backed down
Tomorrow's getting harder make no mistake
Luck ain't even lucky
Got to make your own breaks

Repeat chorus

Better stand tall when they're calling you out
Don't bend, don't break, baby, don't back down

Repeat chorus

2. Say It Isn't So

(Billy Falcon / Jon Bon Jovi)

I just can't believe
It was all a lie
No man in the moon
Just a big light in the sky
I hear Disneyland
Might lose Mickey Mouse
In some giant hostile corporate shake-up
Tell me it's a nightmare
Please wake me up
(Say it isn't so)
I found a book of matches
From someplace we've never been
How come you hang the phone up the minute I walk in
Last night I had this dream
That I was losing you

I woke up in a cold sweat shaking
Rescue me my heart is breaking

Chorus 1
Say it isn't so (tell me it's not true)
Say it isn't so (I believe in you)
Tell me it's a lie (I don't need no proof)
Say everything's alright (couldn't be, not you)
Say it isn't so

Superman don't fly
They did it all with strings
Elvis Presley died
They deep fried the king
Like some tacky cheesy bathing beauty
Dancing on the beach in a bad b-movie

Repeat chorus 1

Chorus 2
Say it isn't so (don't give up on me)
Say it isn't so (don't give up on you)
Get me through the night (we'll make it through)
Make everything alright (couldn't be, not you)
Say it isn't so..

Repeat chorus 1

Repeat chorus 2

3. Thank You For Loving Me

(Jon Bon Jovi / Richie Sambora)

It's hard for me to say the things
I want to say sometimes
There's no one here but you and me
And that broken old street light
Lock the doors
We'll leave the world outside
All I've got to give to you
Are these five words when I

Chorus
Thank you for loving me
For being my eyes
When I couldn't see
For parting my lips
When I couldn't breathe
Thank you for loving me
Thank you for loving me

I never knew I had a dream
Until that dream was you
When I look into your eyes
The sky's a different blue
Cross my heart
I wear no disguise
If I tried, you'd make believe
That you believed my lies

Repeat chorus

You pick me up when I fall down
You ring the bell before they count me out
If I was drowning you would part the sea
And risk your own life to rescue me

Solo

Lock the doors
We'll leave the world outside
All I've got to give to you
Are these five words when I

Repeat chorus

When I couldn't fly
Oh, you gave me wings
You parted my lips
When I couldn't breathe
Thank you for loving me
Thank you for loving me
Thank you for loving me,
For loving me

4. Two Story Town

(Grakal Dean / Hudson Mark / Richie Sambora / Jon Bon Jovi)

I couldn't sleep
Took a walk down 2nd Avenue
Sick of dreaming dreams that never come true
One way street and I know where its leading to
There's a "For Sale" sign on the front door of the city hall
The subway line got graffiti crawling off the wall
I could take a hit but I ain't gonna take the fall

That's just one side of the story
In the two story town

Chorus
It's just the same old sights
And the same old sounds
I'm gonna take my car and drive out of this two story town
The same old ship, it's going 'round
I'm going down, down, down, down, down
In a two story town

There's a girl that I sleep with
Got ecstasy eyes
He promised her roses and American pie
I called her and my demons
I kissed them both goodbye

Seven days of Monday morning
In this two story town

Repeat chorus

One shot to make a move now
The ghosts are calling me out

Guitar solo

And me I'm just one story
In a two story town
But you're never gonna find me in the lost and found

Repeat chorus

Chorus 2:
It's just the same old sights and the same old sounds
I'm gonna take my horse and ride him off this merry-go-round
I won't give in and I won't back down
I'm going down, down, down, down down
Never going down, down, down, down, down
I ain't going down, down, down, down, down
In a two story town
In this two story town

5. Next 100 Years

(Jon Bon Jovi / Richie Sambora)

Time ain't nothing but time
It's a verse with no rhyme
Man, it all comes down to you

Change ain't nothing but change
Just the faces and the names
But you know we're gonna make it through

I'll believe
When you don't believe in anything

Chorus

I'm gonna hold you 'til your hurt is gone
Be the shoulder that you're leaning on
I'll be standing here
For the next 100 years
If it all should end tonight
I'll know it was worth the fight
And we'll be standing here
For the next 100 years

I, when I think that I'm losing my mind
It all comes back to you

And you, you know that it's true
After all we've been through
There's nothing that I wouldn't do

Stand by me
And I would gladly give up everything

Repeat chorus

Guitar solo

Repeat chorus

Time ain't nothing but time
It's a verse with no rhyme
Man, it all comes down to you

6. Just Older

(Billy Falcon / Jon Bon Jovi)

Hey, man, it's been a while
Do you remember me?
When I hit the streets I was 17
A little wild, a little green
I've been up and down and in between
After all these years and miles and memories
I'm still chasing dreams
But I ain't looking over my shoulder

Chorus
I like the bed I'm sleeping in
It's just like me, it's broken in
It's not old -- just older
Like a favorite pair of torn blue jeans
This skin I'm in it's alright with me
It's not old -- just older

It's good to see your face
You ain't no worse for wear
Breathing that California air
When we took on the world
We were young and brave
We got secrets that we'll take to the grave
And we're standing here shoulder to shoulder

Repeat chorus

I'm not old enough to sing the blues
But I wore the holes in the soles of these shoes
You can roll the dice 'til they call your bluff
But you can't win until you're not afraid to lose, yeah

Solo

Well, I look in the mirror
I don't hate what I see
There's a few more lines staring back at me
Now the nights have grown a little bit colder
Hey man, I gotta run
You take care
If you see coach T. tell him I've cut my hair
I kept my faith
I still believe I'm just...

Repeat chorus

7. Mystery Train

(Billy Falcon / Jon Bon Jovi)

There are days when she's a whisper
Nights when she's a scream
A reason to wake up in the morning
To close your eyes and dream

She'll curse you like a sailor
And wound you with her eyes
She always makes it better
But won't apologize

You know everything about her but don't know her at all

Chorus
She's a ride on a mystery train
To a place you've never been before
Better hold on tight to that mystery train
You're not in Kansas anymore
She's a ride
Mystery train

She cries because she's happy
She sings songs when she's mad
Like a stiff drink when you need it
She's good at being bad

And long before you knew her you knew she was the one

Repeat chorus

Solo

I know everything about her but don't know her at all

Repeat chorus

She's a ride
On a mystery train

8. Save the World

(Jon Bon Jovi)

I never went to college
I don't have a degree
Let's say I went to night school
I learned all I know on the streets
I wasn't born a rich man
I ain't got no pedigree
The sweat on this old collar
That's my Ph.D.

It comes down to this
I wouldn't exist
Without you it ain't worth the grind
I'd fight for one kiss
On a night like this
You make me feel I could fly, like

<i>Chorus</i> I can save the world Since the night your love saved me Maybe I can't save the world But as long as you believe Maybe I can save the world	Captain Crash and the beauty queen from Mars	She's anything in the world That you cannot explain But when she throws me a smile It's like fire in the rain but	I got the girl, oh yeah I got the girl, I got the girl She's gonna...I got the girl, yeah I got the girl, I got the girl I got the girl	Na-na-na-na-na-na...	<i>Chorus</i> I'd be a rich man, it's true If I could make a living out of lovin' you These two hands know what to do If I could make a living out of lovin' you I'd be a rich man, it's true I could make a living out of lovin' you I'm a rich man I can make a living out of lovin' you I can make a living out of lovin' you
I've gotta confess Sometimes I'm a mess Sometimes I step out of line Like this old tattoo I ain't shiny or new With you by my side nothing matters	Share a toothpick, trading lipstick Watching traffic for days at the diner Holding hands, making big plans Playing Superman, he was wearing eyeliner Another local legend and his longtime lucky charm
