# JAMIE NOBLE, boy!

Now that *Velocity* is out, everyone's favorite (or least favorite) backwoods brawler, **Jamie Noble**, is in *Raw Deal*, with all his flair, or lack thereof. Whether he's in the ring, with his fav-or-ite gal Nidia or shoppin' for mobile homes, he's ready to wrestle anyone, anywhere.

Jamie's ability helps out when your opponent tries to beat the mess out of ya and is great whether you want him to be face or heel. It also makes *Trailer Park Trash* and *Kissing Up to the Stinkin' Fans* non-heel, which lets you put the hurt on your opponent's action cards, no matter what kind of deck you put together. *Manager Interferes*, *Chair Shot*, *Apply Illegal Leverage* and *Strangle Hold* can all help you teach

## RAW DEAL

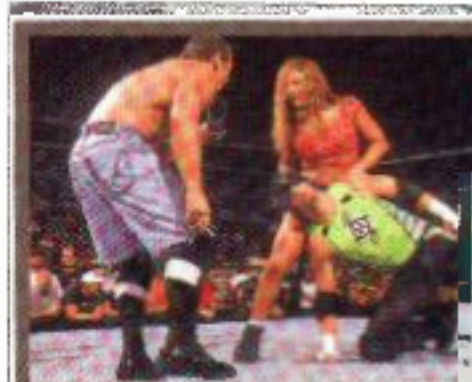

### SCRYEDECK

by *Melanie Cummings*

the other fella the ways of the backwoods. You play dirty to win, boy!

Jamie's superstar-specific cards in *Velocity* make him a Smackdown wrestler, through and through. The Smackdown brand brings us several new cards that can only be played by Smackdown wrestlers. The best, by far, is the **Cruiserweight Title Belt**, which raises your Superstar Value and lets you search your arsenal for a Smackdown logo card every turn. Plus, it make's Jamie's superstar ability even better

Sô, disconnect the trailer hitch, stay a while with Jamie and Nidia in their double-wide, and enjoy their down-home cookin'. Yee Ha!

YEE HA!
