6.6 ***Raag : Thilak-Kaamod***

Raag Thilak-Kaamod is partly similar to *Raag Desh* and partly to *Raag Soorat*; there is a convention of avoiding *Komal Nisaad* completely to maintain its identity from those two Raags. But some expert singers like to apply both the *Nisaad*s. This *Raag* is very sonorous and of oblique motion.

Baadi (most frequently used note) - *Risav* (R)
Sambaadi (next frequently used notes) - *Pancham* (P)
Jaathi (class) - *Saarhav-Sampurna* (6-7, six notes-complete)
Samay (time) - Second quarter of night (midnight).
Aaroha (ascent) - S R G S | R M P DH M P | S'
Abaroha (descent) - S' P DH M G | S R G | S N,
Pakarh (main feature) - P, N, S R G | S | R P M G | S N,
