Operating Systems	:	Win95, Win98, Win-NT 4.0 Server and Workstation, Windows 2000,Novell 3.12
RDBMS	:	SQL Server 6.5 ,7.0 & 2000
GUI tools	:	Visual Basic 6.0, Power Builder 6.0
Languages	:	C, C++, COBAL, PASCAL
Web Technologies	:	Active Server Pages 3.0,VB Script, Java Script
Reporting Tools	:	Crystal Reports 8.0,Crystal Reports 9.0

Experience:

Jun-1998 – May-2001

Worked as a Faculty in K.M.Computer, Ramanthapur, Hyderabad.

May 2001 – Jan 2002

Worked as a Visual Basic Programmer in S.A.Software Developers, Gandhi Nagar, Hyderabad

Feb 2002 – till date

Working as Programmer in Venkateshwara Hatcheries Ltd, Hyderguda, Hyderabad.

Project Details:

Project #1

July'03-Present

Title: Chicks Population Decision Support System
Client: Venkateshwara Hatcheries Limited
Software: Visual Basic, SQL Server Database and Crystal Reports
Description: This package is intended to calculate and predict the Production Projection details of Parent Broiler Chicks, Parent Layer chicks and Commercial Layer Chicks. The Projection also includes Feed, Medicine and other costs. The package is being developed to be used on an all India basis by the Corporate office and all its branch offices for Data Analysis. This package will be web-enabled at a later stage to be used by the corporate office.
Responsibilities: Involved in Information gathering, Database Design, Database Implementation, Designing the Analysis part, Designing and developing and Implementation In all Zones (Banglore, Chandigarh, Pune and Hyderabad Zones which Includes the Configure the Online Database Connectivity Issues for which the Database is Maintained at VH Pune Corporate Office in a Central VPN Server)

Project #2

Feb'03-Jun'03

Title: Vehicle Automation System
Client: Venkateshwara Hatcheries Limited
Software: Visual Basic 6.0, Crystal Reports 8.0, MS SQL Server 2000
Description: This package keeps all records pertaining to the numerous vehicles owned and hired by the company at its Corporate office, Branch Offices, Production Sites, Hatcheries, Egg Powder Plants and Other Sites. The package keeps records of all Driver's and User details. Maintenance and other MIS Reports are generated at the end of the month for Cost/Vehicle, Fuel Consumption Analysis, Vehicle Running Analysis etc. The Management utilizes these Reports for Decision-making and Cost analysis. Some other Reports are generated for the Accounts Department, Internal Audit and other Departments.
Responsibilities: Involved in Information Gathering, Analyzing Requirements, coding, debugging and Implementation.

Project #3

Aug'02-Jan'03

Web site: www.vhgroup.net
Client: Venkateshwara Hatcheries Limited
Software: ASP, MS SQL Server 2000, MS Front Page, Visual Interdev 6.0, Java Script & VB Script
Description: This was a Sales Force Automation Project. This Website provided online reporting for the Sales Staff. The Sales Staff and Doctors reported their daily activities, Chicks Details, Farm Details, Disease Details, Feed Details etc online. The Management had separate Login's for viewing different reports depending on the Hierarchy. The Management could also track the daily activities of the field staff using this system.
Responsibilities: Designed pages using FrontPage and Visual Interdev. ASP Pages Coded using VBScript, JavaScript etc. Database Designed and Connected using ADO.

Project #4**Mar'02-July'02**

Title: Provident Fund System
Client: Venkateshwara Hatcheries Limited
Software: Visual Basic 6.0, Crystal Reports 8.0, MS SQL Server 2000
Description: This Package is developed to Maintain the Employee and their Monthly PF Contribution Details for Venkateswara Provident Fund Trust. The settlement Details, Employee Account Balance Details, Interest Calculations and Fpf & PF Percentage Calculations and Trust Accounts etc. are maintained in this package
Responsibilities: Involved in Information gathering, Database Design, Database Implementation, Designing the Analysis part, Designing and developing this System.

Project #5**Jun'01-Jan'02**

Title: Time Attendance System
Client: Venkateshwara Hatcheries Limited
Software: Visual Basic 6.0, Crystal Reports 8.0, MS SQL Server 2000
Description: This System Process the text file Data which is generated by the TAM Machine(Employee Attendance Swipe Machine) daily and generates the attendance of the employee for the day. This system process the Late Time and Reasons for In Between Outs and Evaluates the Attendance Automatically. This System Will also Process the Shifts pattern for the Various Shifts and generates the Attendance with Over time etc. this Processed Attendance Data is Later Transferred to the Payroll Module in the Existing Beacon ERP Software.
Responsibilities: Involved in Information gathering, Database Design, Database Implementation, Designing the Analysis part, Designing and developing this System.
