

Prepare a publication for commercial printing

Get ready for commercial printing

1. Open the publication you created for Lesson 3's assignment.
2. Set it up for CMYK color separation.
3. Turn on trapping for the entire publication.
4. Type some text and use at least four different fonts.
5. Set the fonts to be embedded.
6. Use Pack and Go to save the publication.
7. (Optional) If you have Adobe Acrobat, save the publication as a PDF file.
