

Explore single-page publications

Assignments are designed to help you apply the information learned in the lessons.

Create one-page publications

1. Create a new publication based on a Letterhead template of your choosing.
2. Use this template to create some letterhead stationery for yourself, and then save it to your hard disk for later use. (Optional: Print several copies to have on hand for later use. You could use it as you would blank paper when printing from a word processing program, for example.)

In Lesson 5, you'll create a matching envelope design for your letterhead stationery.

3. Create two of the following, depending on your needs and interests, and customize them with your own personal information, design, color, and font selections:

Award certificate
Flyer
Calendar
